ATTACHMENT B
PRICE SHEET**

5.0 COST PROPOSAL

WET has completed the required Unit Price Sheet for the proposal, included below as Table III. This table corresponds to Appendix D of the RFP. WET filled out only those personnel classes offered by our firm. Our central office location in Butte will reduce mobilization costs and response times across the State, especially for work located in southwest Montana (Big Hole, Beaverhead, Jefferson, Madison, Red Rock watersheds). Our primary focus for this proposal is to provide a high quality service to the State of Montana. WET can assure you that it will take every measure to ensure that each project is completed to the Client's satisfaction, regardless of the time and effort required.

Table III. Unit Price Sheet Appendix D: Environmental Services Proposal
